FOUR WIRE TIE-BACKS

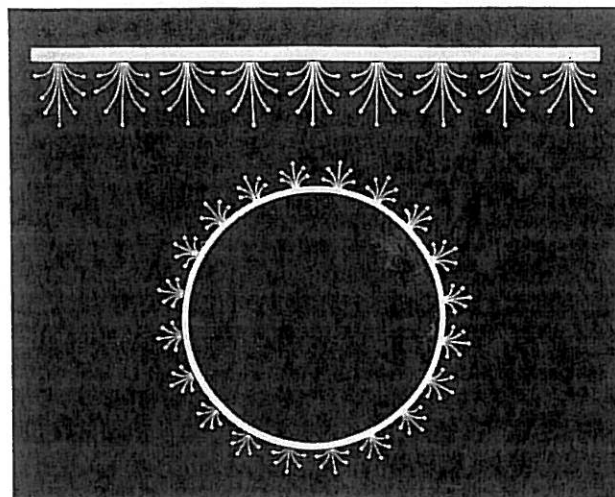

These graceful designs harmonize with, rather than 'repeat' the motifs in the valances, mirrors, and vanities. Therefore, they may be used in the same ensembles without monotony. Notice, for example, the tie-backs sketched in the ensemble upon page eighteen. This is No. TB-3, a quadruple loop design, priced at \$3.00 a pair.

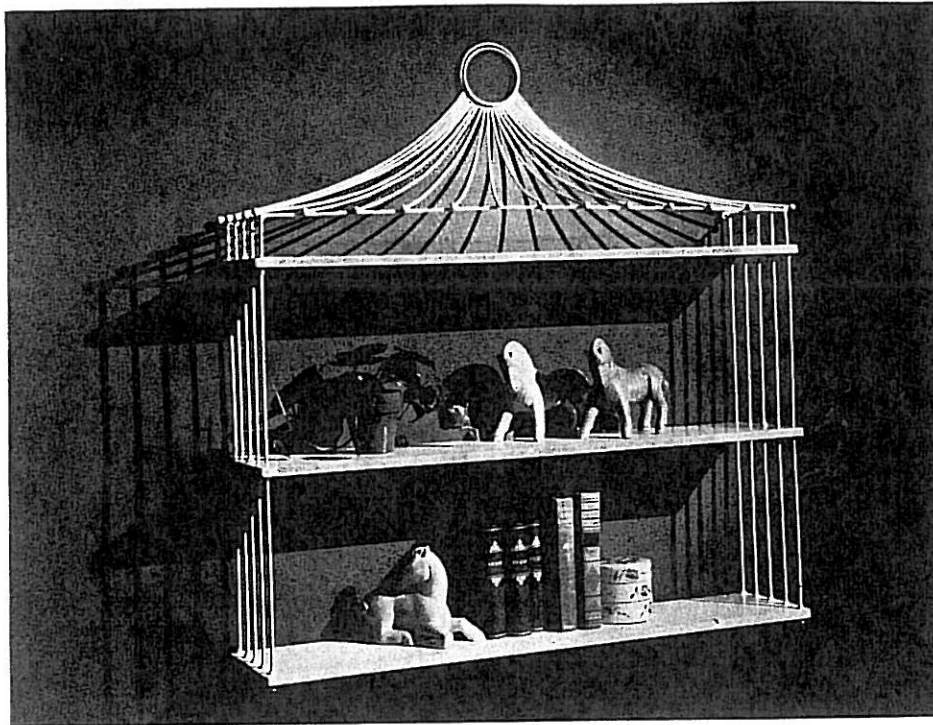

In the drawing just at left (made large, to show the attractive details of these tie-backs) are illustrated: At top—No. TB-1, at \$3.00 a pair.

At center—No. TB-6, also priced at \$3.00 a pair.

At bottom—No. TB-2, a particularly effective tie-back in a stylized feather design. Priced \$4.50 a pair.

ABOUT COLORS:

RICH, deep shades are the color-news of the year, in this fascinating realm of decorative iron and wire.

We forecast this trend in 1936, when we introduced our handsome **Regency Green** and the deep-bright 'Haiti' (or **Coronation!**) **Blue**—at the same time, citing **Black** as a significant revival in this increasingly formalized class of furniture.

Now, in 1937, Leinfelder's newest success, **Rose Dust**, makes its debut. It is lovely, distinguished shade, flattering to many designs in this line.

You will notice that we suggest, throughout this catalog, certain ensembles that look particularly well in these newer, deep shades.

Besides **White**—still the overwhelming favorite, because it suits **ALL** styles—the light end of the Leinfelder 1937 palette is represented by just two fresh, clear, pastel tones: our famous **Yellow**, and a cool **Lime Green**.

In seat-coverings—featuring the very smart alligator-fabricoid, which the Dupont company especially recommends as practical for outdoor furniture, (tho it is correctly styled for use indoors as well)—we offer choice of: Nautical Blue . . . Vermilion Red . . . Lime Green . . . White (the latter, in plain as well as alligator-fabricoid).

Any chair or settee may be had with upholstered or woven metal seat, at the same price. Extra pads (for metal seats) may be had in Lustersheen: Brown, Yellow, Blue, Coral, White, Green, or Black. For chairs, \$6.00; for 2-seat settees, \$10; for 3-seat settees, \$13.00.

Any glass-topped tables may be ordered either complete with glass, or 'frame only.' The latter—if you have access to a local glazier—will be more economical, and is recommended.

RETAIL PRICES are quoted in all cases, less your customary discount.
